

Nov 8, 2018

Please be advised of the following change to the commercial vehicle access gate operation, per order of the 45 Space Wing Security Forces Squadron.

Access via the commercial vehicle access gate will not be permitted between the hours of 10 pm to 6 am. Potential campground guests arriving with RVs that would require access through this gate may use the parking lot immediately south of the Tides Club as an overnight rest area.

Registered guests, please be mindful of the time you must return to the base if you depart with your RV. Access via another gate cannot be guaranteed.

Normal hours of operation for the commercial vehicle access gate are Monday thru Friday, 6 am to 5 pm. The gate is manned during these hours and traffic flow is generally unimpeded as a result.

Please expect delays Monday thru Friday, 5 to 10 pm and Saturday and Sunday, 6 am to 10 pm as the gate is not manned. Response times may further be delayed by events occurring on base that require SFS assistance.

Potential guests are reminded that after-dark check-ins to the campground are not permitted. Please contact the campground office at 321-494-4787 or email [pafb.famcamp@gmail.com](mailto:pafb.famcamp@gmail.com) to discuss arrival plans. The staff will provide all information necessary to help those make informed decisions.

Security Forces may be contacted at all hours at 321-494-2008.

Questions or concerns regarding the campground operation may be directed to [Sydney.Wetzel@us.af.mil](mailto:Sydney.Wetzel@us.af.mil) or 321-494-9691.
