Message from the General Manager

Welcome to the Course at Manatee Cove. We hope your experiences here are enjoyable and enable you to feel appreciated for choosing to provide us the opportunity to serve you. Our mission is to provide outstanding customer service via a well-trained and knowledgeable staff, a challenging and well-maintained course, a well-stocked pro shop and quality year-round programs and events.

Designed by Robert Trent Jones, Sr., the scenic 18-hole, par 72 course is a gem of the Air Force and distinguished as the best golf operation in this Service. Patron safety is very important. Please be mindful of weather conditions and advisories, fellow players around you and wildlife on the course. Rules are posted on each golf cart to facilitate pace of play. The Florida climate is extreme; players are encouraged to stay well-hydrated and use adequate sun protection. I hope to see you on the course!

Message from the Superintendent

The Course at manatee Cove sits on a total of 140 acres just off the Banana River at the south end of Patrick AFB, FL. There are 36 sand bunkers and four sets of tees to challenge every level of golfer and 29 acres of ponds and canals which are home to several different species of fish, turtles and alligators.

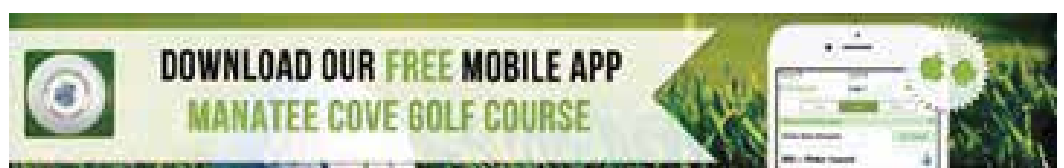

Water comes in to play on 17 of the 18 holes. The large undulating greens were rebuilt in 2007 utilizing a salt-tolerant turfgrass called Supreme Seashore Paspalum. The fairways and rough are mainly Bermuda grass. A new irrigation system was installed in 2001 featuring 1,155 sprinkler heads throughout the golf course.
