

Access Training on the Percipio Mobile App

To access DAFeL on the Percipio Mobile App on iOS or Android devices:

1. Add a password to your DAFeL account:
 - a. After you have self-registered on DAFeL with your CAC (“Please login with your corporate credentials”), log out of DAFeL.
 - b. On the DAFeL login page, select “**Alternatively, login with your Percipio credentials**”.
 - c. Enter your official email address or DoDID number and press “**Next**”.
 - d. Under the password field, select “**Get password help**”.
 - e. Enter your official email address and press “**Send**”.
 - f. Follow the instructions on the email to setup your password.

2. Install the Percipio Mobile App:

Install Mobile App to iOS Device

- a. From your device, open the App Store.
- b. In the search box, enter **Percipio**.
- c. Tap **Get**.
- d. Tap **Install**.
- e. If prompted, enter your iTunes password.
- f. Tap **Open** to open the learning app.

Install Mobile App to Android Device (via the Google Play Store)

- a. Ensure you have a Google account on your device, then launch the Google Play Store app.
- b. In the search box, enter **Percipio**.
- c. Tap **Install**.

3. Launch the app and enter “**usaf**” in the site name field.
4. Click “**Next**”.
5. Click “**Use Percipio Credentials**”.
6. Enter your DoDID number in the “**Email Address or Login Name**” field.
7. Click “**Next**”.
8. Enter your Password.
9. Click “**Log In**”.
